Fire Survivors Get Help ...

Customized Web Site

We build your inventory site customized to document your loss, and conduct data entry, and research as needed. Training is provided on our user-friendly software for your additional input with 7/24 access.

Survivors' Resources

You receive a start-up kit of resources to help you get organized and find accurate content replacement costs. We structure your inventory project and manage data collection with as much support as you require to meet your timeline.

Completed Inventory

You receive three copies of your detailed inventory with all back-up pricing sources for your file to submit to your insurance company and attorney, if needed. The team has worked hard – time to celebrate!

Fire Survivors' Testimonial

"We had lists of stuff everywhere! Custom Home Inventory Services provided organization, structure and an easy solution to help us finally make real progress with completing our inventory. We can't thank them enough for helping us get through this nightmare!"

Margie Sasson & Dr. Charles Steiner
